

D & O Risk Service Plan

The Arkansas Professional Network. goes beyond insurance to provide Directors and Officers with strategies and tools to improve the quality of leadership they provide to their company, attract and retain top talent and reduce their risk.

Risk Evaluation

Our approach is based on professional-led research that will help *YOU* improve Your risk profile and increase customer and employee satisfaction. By using our step-by-step approach, *YOU* can reduce risk, prevent claims and improve insurability.

Step 1 – Identify Your Risk

ArProNet's risk consultants will conduct an assessment of your companies leadership and identify areas that may increase the risk of adverse outcome and exposure to potential liability. Using this approach, we identify and evaluate leadership and management issues to provide a comprehensive inventory of potential risk. Among the tools we use include:

- Risk Management Office Self-assessment
- Risk Management Audit
- Customer and Employee Communications
- Claims Experience
- Policies/Procedures
- Employment Practices, on a higher level
- Tour of your Facilities

Step 2 – Recommended Risk Service Plan

We recommend a Risk Service Plan to strengthen vulnerabilities and address risk exposures. By addressing specific issues on a case-by-case basis, we work with *YOU* to prevent future claims and create risk-reduction strategies. We provide a variety of approaches that include:

- Onsite Risk Services
- Litigation Stress Management
- Customer and Employee Communication Skills
- Dealing with Angry shareholders, customers and employees
- Adverse Outcomes

Step 3 - Implementation

ArProNet's risk consultants work closely with *YOU* to help *YOU* implement a plan tailored specifically for your needs. *YOU* choose from a menu of "hands-on" approaches that include:

- Peer Review
- Incident Reporting
- "How to Apologize"
- Claims Analysis
- Developing an Effective Defense
- Leadership Training

Step 4 –Monitoring and Adjustment

To make sure your risk service plan is effective, we help *YOU* monitor and measure its impact on your claims experience. To maximize the benefits of your plan, our risk consultants will continue to work with *YOU* as your practice evolves and grows. We offer several tools and services during this ongoing phase, such as:

- Risk Consultant Access
- Monitor Shareholder, Customer and Employee Satisfaction
- Risk Management Seminars
- Orientation for New Directors and Officers
